

Treasure

As preached on Sunday, November 8th

Read: Matthew 6:19-24

1. What is your struggle with materialism like? Are there certain things you can't help but buy/collect/protect?
2. What feelings does it stir up in you knowing that all of your possessions are temporary? How can holding on to that shift the way you think about money and possessions?
3. When are times when you tend to view the world with stingy eyes? When are times when you tend to view the world with generous eyes?
4. How can you prevent your possessions from owning you? Which master do you serve? What is the fruit of that in your life?
