

What's in the Way?

As preached on Sunday, October 10th

Read: Mark 10:17-31

1. If you had the chance to desperately run up to Jesus with a question, what would your question be?
2. When you think of an abundant life, a life that God wants for you and may be leading you towards, what do you picture?
3. Why do you think that's what you picture? Do you have an inner longing that God placed in you for something more? What is it calling you towards?
4. The man spent his entire life following all the rules and still felt an emptiness and a longing, has anything in life that seemed to promise more ever left you feeling disappointed?
5. Jesus then asks the man to sell everything he has but its too great a sacrifice. What might you need to give up in order to have the abundant life God has in store for you? What stands in your way?
