

Kingdom of Truth

As preached on Sunday, November 21st

Read: John 18:33-37

1. What are some truths in your life that are so unshakeable that you would defend them confidently in a trial? (Maybe truths that you hold so strongly to you don't even feel the need to defend them)
2. How did these truths get to that place in your life? Are they based on evidence, faith or some combination of both?
3. Are there any faith issues or ideological contradictions in your life that you wrestle with, that the rest of the world seems to have no interest in? Does that feel isolating in any way? Who are the people you can safely work through those questions with?
4. If you were presented with the opportunity to ask Jesus any question you want, what would you ask him? Do you have any thought of how He might answer you?
5. Who is Jesus to you? How has this identity impacted your life?
6. What does it mean to live in and be a part of a Kingdom of Truth? What should it look like?
