

## **Giant Killer**

As preached on Sunday, June 16<sup>th</sup>

**Read: 1 Samuel 17:1-50**

1. Do you think David went into his fight with Goliath confident? Why or why not? If yes, was it deserved confidence or false confidence?
2. What were the strengths of Goliath? What were the strengths of David?
3. What were the weaknesses of Goliath? Why can it be hard to initially see that our obstacles might not be as insurmountable as they seem?
4. Are there things in your life that you've always believed or been told are weaknesses? How can you look at them differently to see the strengths that lie within?
5. Are there any struggles you are currently facing in life that you can start thinking about how to approach them from a different angle instead of facing them head on?
